Session 1 Module Map

Module learning outcomes	Content and activities	Where to locate on Learning Central	Indicative time commitment	Relationship to assessment
• Explain the basic principles underlying common machine learning methods • Reflect on the importance of data representation for the success of machine learning methods	Preparation: Lecture slides and resources given in the slides	Content -> Session 1	1 hours	Class test
	Attend in person lecture on campus	See MyTimetable for details	1 hours	
	Chapter 1 & its exercises of *Hands-On Machine Learning with Scikit-Learn, Keras, and TensorFlow*, 3rd Edition by Aurélien Géron	Electronic book via Library	3 hours	
	Colab introduction for those who haven't used Colab before (including More resources under Welcome to Colaboratory)	https://colab.research.google.com/notebooks/welcome.ipynb#	2 hours	
	Work through Practical 1, starting by reading "Lab 1.pdf"	Content -> Session 1 -> Practical 1	2 hours	
	In person practical session	See MyTimetable for time and location	1 hours
